another big snow storm, Sunday

and Monday, and on Tuesday

it was twenty-five degrees be-

ro. That groundhog is a good

sign.

rs. S. W. Silvers, Matron Wood-

Home Orphans Asylum, Quincy,

Ill.: "Burks' White Pine Balsam

coughs, colds and croup in ten-

of our children that the phy-

failed to cure. I especially re-

quest it for children."

26

-Mr. R. Fielding is in our city in the interest of R. L. Polk & Co., publishers of State Gazettes and Directories, revising and collecting material for the new edition.

The freight rates of our great trunk lines have been advanced, but this will have no effect on the price of Dr. Bull's Cough Syrup, which is sold at the old price of 25 cents a bottle.

-Mr. Wm. Dunlap, we learn, has rented the rooms on the second floor of Mr. M. D. Barney's new building, which were specially prepared for the photography business. We welcome Mr. Dunlap to the West Side.

-The St. Louis Post-Dischard offers \$100.00 to the person who will name Cleveland's cabinet. All who will give their correct names may compete for the prize. Cannot some of our Chillicothe politicians carry off the prize?

-I have a small lot of well selected goods. I still keep samples representing \$10.000 to select from. I will give satisfaction. Call on me.

T. C. HOGAN,
6ft Tallor.

-Prof. John H. Lowe closed his term of school at the Weatherly school house in Greene township, last Friday, on which occasion the patrons gave a public dinner, the pupils presented the Professor with a rocking chair, and the Prof. treated the scholars to a supply of candy.

-An aged colored woman, Aunt Ann Broadus, who lived in a small brick building just south of Jas. Black's well's store, was found dead in her bed last Tuesday morning. The cause of her death is supposed to be an enfeebled condition, superinduced by age, want of proper nourishment and the extreme cold. Her age was about 76 years.

-There was no trial for penitentiary offense during the term of circuit court just closed, and no plea of guilty to felony, we send no one to the pen, this time. There are three persons already under indictment for felony, whose cases will stand for trial next term—Samuel Robinson (condemned) of Bedford, and Joe and John Botts (white) of Linn county, charged with outraging the person of the wife of Dan Miller.

-There is no need denying the fact that among the most distressing complaints of humanity, few are equal in intensity to bleeding piles. You say the subject is not a pleasant one to talk about, neither is the victim, and our aim is to give him relief. Jacob Chambers of Henry street, New York, writes: "When I began using Mishler's Herb Bitters (as per printed directions), I had been troubled with bleeding piles for upwards of five years. In six weeks I was perfectly cured."

-The city has about eight thousand dollars cash on hand, and the unpaid railroad debt is about that amount. We believe the county can pay the last cent of this debt before they go out of office. If they will do it they will make their administration the most marked and most worthy of any the city has had for years. This railroad debt has been a curse to the town for fifteen years. When the last bond is canceled, a general jubilation meeting should be held, and the members of the present council, if they wipe out the debt, should be the lions of the occasion. Then let us proclaim to all the world that the city of Chillicothe is out of debt.

-The cases of the State against Samuel Richards and T. H. Kemp, have been disposed of, both being released free from fine or costs. Last week Richards' case was submitted to the Judge, who fined him \$5. Tuesday, Kemp was tried and acquitted by a jury. Richards having filed a motion for a new trial, yesterday the motion was sustained. Prosecuting Attorney Wyman, therupon stated to the court that the jury having decided that Kemp should not be fined, he did not think that Richards should be and he would notice the case, who has been sick for some time.

-Mrs. Dr. Schert and Miss Virgie Smith have also been on the sick list for two or three weeks.

-Everett West, of this township, met with a bad accident the 26th ult., cutting his foot very badly with an ax, and will probably not be able to stop it in a long time.

-Dr. Edgerton's other twin baby died on the 22nd of January.

-Mrs. Polk McCrary and children, of Sibley are visiting relatives in this vicinity.

-The Methodist have been holding protracted meetings in the church here the past two weeks.

-There are "lots" of ice being put around here this winter, and I really hope it will get warm enough to make it a desirable luxury before August.

-ARCANUM.

-There is some talk of prospecting for coal in or near this city. Mr. C. E. Bloomer, of Beaver, Mo., a man with large experience in that business, has been here looking over the ground, and he expresses it as his opinion that good coal can be found in a depth of from 300 to 400 feet.

He makes a proposition, of which the following is the substance: The Missouri Land and Prospecting company will agree to bore a hole, tubing the same, to a depth of 300 feet, if the citizens of Arcanum will pay said land company \$1,000.00.

He makes a proposition, of which the following is the substance: The Missouri Land and Prospecting company will agree to bore a hole, tubing the same, to a depth of 300 feet, if the citizens of Arcanum will pay said land company \$1,000.00.
